To Whom It May Concern,

It is my pleasure to write this letter of recommendation for Erin Nieto, a recent graduate in architecture. As a practicing architect with over 26 years in the field, I have had the opportunity to work with many students and emerging professionals, and Erin stands out as someone with both the talent and determination to succeed in this challenging and rewarding profession.

I have had the privilege of witnessing Erin grow academically and creatively throughout her college career. I am impressed with her knowledge, attention to detail, and tenacity at thoroughly and thoughtfully completing projects. Whether working through complex design challenges or refining the technical aspects of a presentation, she consistently demonstrates a high level of discipline, curiosity, and professionalism.

Erin approaches design with both sensitivity and precision. Her ability to think critically while maintaining a strong design vision is a quality that will serve her well in professional practice. She collaborates well with others, receives feedback with maturity, and always brings a strong work ethic to the table.

I have every confidence that Erin will be an asset to any architectural firm or organization she chooses to join. Please feel free to contact me if I can provide further insight into her qualifications.

Sincerely,

Emilio Alverde
